

It has now been over 12 months since we have been renamed and rebranded and it appears to have had very little change to our club as we still go under the name of Huddersfield CTC. One good thing is that it has encouraged us to design some new cycling kit with both the CTC and Cycling UK logos. This kit is now available to all active members at a heavily discounted price. It will be great to see club members riding along all in the same kit.

It has been a good 12 months cycling with a variety of rides to suit all abilities. The Tuesday rides have always been very popular and many thanks to Alan Priim for organising and leading these rides, I hope you can do the same next year. The Wednesday rides seem to be getting more popular probably because more members are now retired. There has been a small decrease in numbers for the Sunday rides and as some key members have had health issues recently this has had an effect on the number of ride leaders. However I have noticed that some members have stepped up and offered to lead for the first time. It is quite straight forward leading rides, all you need to do is plan a route, find a good cheap café that is open and make sure no riders get lost. The committee has discussed ride leadership training if anyone is interested.

Steve Hall once again organised 2 short tours, one on the Way of The Roses and one fixed base tour starting and ending in Kettlewell. It was great to get out into a different part of the country and explore the quiet country lanes and some horrendous accents. I would encourage anyone that has not been on one of these tours to give it a go.

Congratulations to Jayne Moore on completing the Lands end to John O'Groats tour, a fantastic achievement for someone relatively new to cycling. Well done Jayne.

Finally I would like to thank all the committee members for all their hard work over the past year, a lot of work is involved and without this the club would not exist.

Keep cycling

Steve Randerson

Chairman
